## A BILL

To direct the Secretary of the Interior to conduct a study of maritime sites in the State of Michigan.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Michigan Lighthouse  
5       and Maritime Heritage Act”.

6       **SEC. 2. FINDINGS.**

7       Congress finds that—

8               (1) surrounded by the Great Lakes, the State  
9       of Michigan gives the Midwest region a unique mari-  
10      time character;

1           (2) the access of the Great Lakes to the Atlan-  
2       tic Ocean has—

3           (A) given the shipping industry in the  
4       State of Michigan an international role in  
5       trade; and

6           (B) contributed to industrial and natural  
7       resource development in the State;

8           (3) the State of Michigan offers unequalled op-  
9       portunities for maritime heritage preservation and  
10      interpretation, based on the fact that the State  
11      has—

12           (A) more deepwater shoreline than any  
13      other State in the continental United States;

14           (B) more lighthouses than any other State;  
15      and

16           (C) the only freshwater national marine  
17      sanctuary in the United States;

18           (4) the maritime history of the State of Michi-  
19      gan includes the history of—

20           (A) the routes and gathering places of the  
21      fur traders and missionaries who opened North  
22      America to European settlement; and

23           (B) the summer communities of people  
24      who mined copper, hunted and fished, and cre-

1           ated the first agricultural settlements in the  
2           State;

3           (5) in the 19th century, the natural resources  
4           and maritime access of the State made the State the  
5           leading producer of iron, copper, and lumber in the  
6           United States; and

7           (6) the maritime heritage of Michigan is evident  
8           in—

9                   (A) the more than 120 lighthouses in the  
10           State;

11                   (B) the lifesaving stations, dry docks,  
12           lightships, submarine, ore docks, piers, break-  
13           waters, sailing clubs, and communities and in-  
14           dustries that were built on the lakes in the  
15           State;

16                   (C) the hotels and resort communities in  
17           the State;

18                   (D) the more than 12 maritime-related na-  
19           tional landmarks in the State;

20                   (E) the 2 national lakeshores in the State;

21                   (F) the 2 units of the National Park Sys-  
22           tem in the State;

23                   (G) the various State parks and sites listed  
24           on the National Register of Historic Places in  
25           the State;

1 (H) the database information in the State  
 2 on—

3 (i) 1,500 shipwrecks;

4 (ii) 11 underwater preserves; and

5 (iii) the freshwater national marine  
 6 sanctuary; and

7 (I) the Great Lakes, which have played an  
 8 important role—

9 (i) for Native Americans, fur traders,  
 10 missionaries, settlers, and travelers;

11 (ii) in the distribution of wheat, iron,  
 12 copper, and lumber;

13 (iii) providing recreational opportuni-
